Hi Christine-

There is no problem with the City absorbing part of the fee. I would recommend an ordinance be approved on this as well.

We will be seeing you soon – probably sometime in June or July.

Deb

Hi Deb –

We are implementing online bill payments for our utility customers. The City wants to pass the VISA fee on to the residents, but only part of it. Dan wanted me to check with the State Auditors to find out if it is OK for the City of Clyde to eat part of the VISA fee. I'm pretty sure other cities are already doing this, but he wants to make sure it's OK.

Enjoy the springtime...

Christine I. May
